To access the de Lacy Building, go to the main entrance of the Public Hospital, pass the reception and the flower shop, and take the escalator to level 4. Turn left and follow the directions to the Social Work Department, follow the corridor through Social Work until you come to a set of stairs or proceed further down the corridor to the lifts (on right), you are now in the de Lacy Building level 4. Go up one (1) floor to level 5 and turn right at the top of the stairs or as you come out of the lift. Proceed down the corridor and take the next right. The Patient Safety Simulation Centre is on your left a short distance along the corridor.
